

YOUR PERSONALISED LEARNING JOURNEY DELIVERED ON A REGULAR AND  
CONSISTENT BASIS

## Education:

Varied, bite sized training and knowledge testing on evolving threats, taking no more than 5 minutes of your user's time

## Identification:

Email threat simulations catered to your demographic, offering a mixture of B2B and B2C options. All created in house by us, for you

## Reporting:

A visual summary giving insights into performance across the board and on an individual level over time, which allows you to identify high risk users and whether there is a correlation between engagement in training and sims
